

## LIVESTOCK PRACTICES (POULTRY)

S. No.	Survey questions	
1.	District	
2.	Block	
3.	Village	
4.	Name of the Respondent	
5.	GPS location	
6.	Age (in completed years)	
7.	Sex (Female, Male, Others)	
8.	Educational Qualification- Illiterate, Primary (1-5), Middle (6-8), Matric (8-10), Higher Secondary (11-12), Graduate	
9.	Marital Status-Unmarried, Married, Separated, Divorced, Widow/widower.	
10.	Family type (Joint, nuclear, extended)	
11.	Number of Children	
12.	Total family members:	
13.	Religion (Hindu, Muslim, Buddhist, Sikhism, Christian others (specify))	
14.	Caste/Tribe	
15.	Occupation/income source	
16.	Average earning per month	
17.	House type- (Kachha, Pucca, Semi pucca, Juggi Jhopadi) ( <i>observation</i> )	
18.	Sanitation facility (Yes/No)	
19.	Water facility/supply (Yes/No)	
20.	Drainage facility (Yes/No)	
21.	Electricity- (Yes/No) ( <i>observation</i> )	
22.	Bank (Yes/No) if no write distance	
23.	Market (Yes/No) if no write distance	
24.	Household assets (Write details of the assets in the households)	

SI	Survey Question	Answer
	How long has you been engaged in traditional livestock rearing?	
	From where and how do you inherit this knowledge?	
	What types of poultry do you raise? (e.g., chickens, ducks, turkeys, etc.)	
	Purpose of rearing?	
	Method of rearing?  If free-range, describe the area and conditions.  If confined, describe the space allocation and conditions	
	<b>Housing and Shelter</b>  Describe the traditional methods used to build shelters for your livestock.	
	What materials are typically used for building these shelters?	
	What is the best location or position to build the shelter?	
	How do you adapt your shelters for different seasons?	
	What measures do you take to ensure the health and cleanliness of the poultry housing?	

	<b>Feeding Practices</b>  Types of feed  Sources of feed (homegrown, purchased, etc.)	
	How often do you feed your poultry?	
	Do you use any supplementary feeds for your animals? If so, what are they and how are they prepared?	
	<b>Healthcare</b>  What common poultry diseases or health issues do you encounter?	
	Do you have any traditional practices for treating and preventing diseases in your livestock? If yes answer the following question?	
	How do you identify illnesses in your animals?	
	Are there any specific plants or herbs or any other ingredient used for treating ailments?  Mention all the name (local name) of the plants, or any other ingredient used?  Parts used?  How it is prepared?  Dosage?
